RE: EXP/019/036 Taylor Property

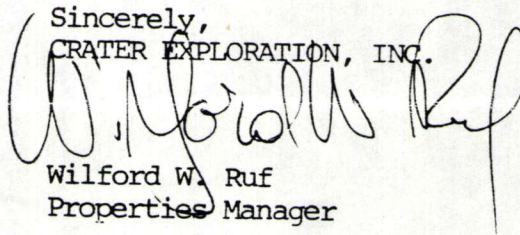

Dear Mr. Tetting:

I am in receipt of your letter dated December 30, 1983 and have taken note of your recommendations.

Since then we have done some further investigation on that particular property and are sufficiently sure that we will set up a mining operation there to the extent that we are planning to submit to the Division of Oil, Gas and Minerals a full form MR-1 in time to get it on the February agenda.

I appreciate your recommendations and hope to count on your cooperation in the future as well.

Sincerely,
CRATER EXPLORATION, INC.
